

### JOBDESCRIPTION

## SENIOR CONTROLLER ECKES-GRANINI (SUISSE) SA

**ECKES-GRANINI (SUISSE) SA** is one of the subsidiaries of the Eckes-Granini Group. The Swiss company is a joint venture with the Nr. 1 mineral water company Nestlé Waters Switzerland, former Sources Minérales Henniez SA. The Swiss partner has the exclusivity for distribution and production of the brands Granini and Hohes C in Switzerland.

The Senior Controller of Eckes-Granini Suisse will act as CFO and be attached to the Controlling department of NW-CH and will functionally and disciplinary report to the CFO NW-CH. At the same time he will report to the General Manager Eckes-Granini Suisse, i.e. the targets within the MBO process are defined in close cooperation by both superiors. He will work closely with the General Manager in developing forward the Swiss joint-venture.

#### HIS/HER RESPONSIBILITIES WILL BE:

- To steer and execute most of the accounting & controlling activities of the company
- To ensure a high level of quality for the period end close process and reporting to the mother company
- To drive efficiently the planning process (budget, forecasts, strategic mid-term plan)
- Co-pilot to the General Manager in terms of strategic direction setting and day to day decision support
- Budget process and Strategic dialogue Eckes- Granini Suisse
- Close cooperation with the Eckes-Granini Group
- Involvement in the international CFO community
- Participation in defined controlling processes of NW-CH

The future Senior Controller should act as a true business partner for the General Manager of EGS; he/she will play a key role in managing a constructive, efficient and trustful cooperation with the joint venture partner Nestlé Waters Suisse.

The ideal candidate will be familiar with Swiss accounting norms as well as German Gaap and IFRS to ensure the most accurate reporting to the mother company. He/she will be at ease with processes and reporting tools used in international groups but be at the same time successful in a Swiss company environment.

#### PROFILE OF THE CANDIDATE :

Graduated from a Business University with a major in Finance and controlling, the future Senior Controller should demonstrate a successful track-record of at least five years in controlling, accounting and financial planning positions. His/her career background could include activities for an audit firm but experience of sales/marketing and manufacturing environments within international FMCG Company is clearly a must. His/her will be expert in excel, whereas Cognos/Hyperion experience would be a plus. He/she will speak fluently English in addition to French, German a plus.

#### THIS PERSON SHOULD DEMONSTRATE:

- Excellent professional skills and social competence
- Clear understanding of FMCG needs
- On time, on schedule focus
- Be hands on in execution
- Ability to be both detailed oriented and get an helicopter view at times
- Open minded attitude and problem solving oriented, flexible and inquisitive
- High standard of integrity
- Strong communication and presentation skills
- Capacity to understand current trends and suggest pragmatic solutions in due time
